

Lingonberry Chocolate Fudge

Sweet Swede Signature Confection

Lingonberry Chocolate Fudge is created from imported Swedish lingonberries mashed and folded in to our semi-sweet, creamy fudge. Our fudge is designed to present a deep chocolate flavor up front with a berry finish. Often we are invited to wine events where our Lingonberry Chocolate Fudge is paired with a nice, red wine or port. It is also our best selling corporate gift.

When we opened The Sweet Swede in 2007 we wanted to sell fudge infused with lingonberries. After finding no confectioner who made it we decided to make it ourselves. Fortunately we found a partnership with a local professional confectioner who happened to be able to produce the quality of fudge we were looking for. We provide the lingonberries, they create the fudge for us.

Where can I get some of this amazing fudge? At The Sweet Swede ONLY. Buy it online or by phone in 1/2 pound gift boxes for \$7.99 + tax. Soon we can visit the storefront in Lindstrom where we will make the fudge on-site.

What are lingonberries? Lingonberries are small, juicy, tart red berries produced by low, evergreen shrubs throughout Scandinavia's forests.
